

## County of Adams

Name \_\_\_\_\_ Title \_\_\_\_\_ Agency \_\_\_\_\_ Email \_\_\_\_\_

### Coverage Objectives

A notional baseline of In-Building, Handheld, Vehicular, and Satellite/Deployable levels of coverage are illustrated below based on population and major roadways. Also shown are public safety agencies, facilities, and critical infrastructure. Please identify potential coverage differences based on public safety operational needs by marking up the map and/or explaining the change in the comments/description section.

Proposed baseline meets the county coverage needs

Proposed baseline meets county needs with noted changes

Coverage Level	Coverage As Shown	Your Comments
In-Building	Urban Areas and Clusters (1,000+ people per square mile)	
Handheld/ Partial In-Building	Census Designated Places	
Vehicular Modem/ Partial Handheld	Interstates, major highways, rural areas with 5+ people per square mile	
Satellite/ Deployable	All areas with less than 5 people per square mile	

*The map is OEC's proposed approach to coverage levels, NOT FirstNet's requirements.*

*Your markup is only preliminary input to help shape the initial baseline, and may be changed to include more detail at a later date.*

## County of Kitsap

Name \_\_\_\_\_ Title \_\_\_\_\_ Agency \_\_\_\_\_ Email \_\_\_\_\_

### Coverage Objectives

A notional baseline of In-Building, Handheld, Vehicular, and Satellite/Deployable levels of coverage are illustrated below based on population and major roadways. Also shown are public safety agencies, facilities, and critical infrastructure. Please identify potential coverage differences based on public safety operational needs by marking up the map and/or explaining the change in the comments/description section.

Proposed baseline meets the county coverage needs

Proposed baseline meets county needs with noted changes

Coverage Level	Coverage As Shown	Your Comments
In-Building	Urban Areas and Clusters (1,000+ people per square mile)	
Handheld/ Partial In-Building	Census Designated Places	
Vehicular Modem/ Partial Handheld	Interstates, major highways, rural areas with 5+ people per square mile	
Satellite/ Deployable	All areas with less than 5 people per square mile	

*The map is OEC's proposed approach to coverage levels, NOT FirstNet's requirements.*

*Your markup is only preliminary input to help shape the initial baseline, and may be changed to include more detail at a later date.*

- EMS Departments
- Federal
- Military
- Emergency Management
- Law Enforcement
- Fire Departments
- Facilities**
- Major State Government Building
- Court Houses
- Prison Areas
- Corrections
- Airport
- + Airports
- Local Emergency Operations Centers
- State Emergency Operation Centers
- Urgent Care Facilities
- Hospitals
- PSAP
- Schools
- Ports
- Amtrak Stations
- Air National Guard (ANG) Sites
- Army National Guard (ARNG) Installations
- Canada and Mexico Border Crossings
- Manufacturing**
- ◆ Hazardous Materials Routes
- Energy**
- Nuclear Plants
- ◆ Dams
- Public Venues**
- ◆

Proposed baseline meets the county coverage needs

Proposed baseline meets county needs with noted changes

Coverage Level	Coverage As Shown	Your Comments
In-Building	Urban Areas and Clusters (1,000+ people per square mile)	
Handheld/ Partial In-Building	Census Designated Places	
Vehicular Modem/ Partial Handheld	Interstates, major highways, rural areas with 5+ people per square mile	
Satellite/ Deployable	All areas with less than 5 people per square mile	

*The map is OEC's proposed approach to coverage levels, NOT FirstNet's requirements.*

*Your markup is only preliminary input to help shape the initial baseline, and may be changed to include more detail at a later date.*

Please identify potential coverage differences based on public safety operational needs by marking up the map and/or explaining the change in the comments/description section.

Proposed baseline meets the county coverage needs

Proposed baseline meets county needs with noted changes

Coverage Level	Coverage As Shown	Your Comments
In-Building	Urban Areas and Clusters (1,000+ people per square mile)	
Handheld/ Partial In-Building	Census Designated Places	
Vehicular Modem/ Partial Handheld	Interstates, major highways, rural areas with 5+ people per square mile	
Satellite/ Deployable	All areas with less than 5 people per square mile	

*The map is OEC's proposed approach to coverage levels, NOT FirstNet's requirements.*

*Your markup is only preliminary input to help shape the initial baseline, and may be changed to include more detail at a later date.*

### Coverage Objectives

A notional baseline of In-Building, Handheld, Vehicular, and Satellite/Deployable levels of coverage are illustrated below based on population and major roadways. Also shown are public safety agencies, facilities, and critical infrastructure. Please identify potential coverage differences based on public safety operational needs by marking up the map and/or explaining the change in the comments/description section.
