SUBJECT: Information Technology (IT) Biennial Performance Report

Per RCW 43.105.220, the Office of the Chief Information Officer (OCIO) is required to prepare a state performance report on Information Technology (IT). The report highlights progress made implementing the state strategic information technology plan from July 1, 2017, to June 30, 2019.

With OCIO leadership, the state has made progress in implementing the strategic plan and addressing risks. The attached report covers a broad array of IT issues, including the state's efforts to attract and retain an IT workforce, provide oversight of major projects and stay abreast of evolving cyber threats. While more needs to be done, tremendous strides have been made in delivering online government services 24/7, saving both time and money.

Please contact Sue Langen, Deputy Director for Strategy & Management, at (360) 407-8686 or sue.langen@ocio.wa.gov with any questions or for additional information.
